

# CLEAN WALKS AND DRIVES IN MINUTES!

## POWER BRUSH

Sweep light snows in the winter, clean drives, walks, lawns, in the summer.

Thirty-eight-inch sweeping width, replaceable brush segments.

Sweeps clean the first time over. Fine or Coarse bristles available.

## Quick Snow Removal at Low Cost!

The Blade Type Snowplow will move the snow from sidewalks and drives in a hurry. You have a heavy steel blade, 48" wide . . . two passes will clean an ordinary driveway.

The blade is reversible by a simple pin adjustment. You move the snow to either side or straight ahead.

The Blade is designed to **roll** the snow away—not push it. This design plus the **extra** power of the

Gravely Tractor means fast, efficient snow removal.

Throw your Snow Shovel away. Use the GRAVELY with this inexpensive Snowplow to save yourself from the danger of exposure or heart strain. Let GRAVELY power do the work!

### **Bulldozes!**

Move loose dirt, cinders, gravel with the blade—save yourself work and time. Plenty of power—plenty of traction for the tough jobs.
