

GRAVELY

5' Seeder-Spreader

**Even, Accurate Control
For Seed, Lime or Fertilizer—**

**Adjustable Gate, Sturdy
Agitator—Visible Rate-
Control. Adjusting Handle.**

**Accessible for Thorough
Cleaning—Removable
Control Plate and Agitator.**

Easy, Accessible Controls.

RIDE COMFORTABLY ON THIS BIG 5' SPREADER—Ready To Hitch To Your GRAVELY Tractor—To Make Seeding and Spreading EASY!

300 pound capacity hopper means a man-sized job can be done quickly and efficiently. The seed or fertilizer is distributed evenly and accurately. A positive action gate, together with an application control guide and adjusting handle makes accurate seeding or spreading simple . . . just set and forget!

Welded hopper, removable control plate and agitator make all surfaces easily accessible for thorough cleaning.

Ideal for lawn feeding, small farm fertilizing, golf course, city, school and industrial seeding and spreading, this Seeder-Spreader will soon pay for itself in efficient spreading, better control of seed or fertilizer . . . and time!
